

March 18, 2020

President Donald J Trump
The White House
1600 Pennsylvania Ave
Washington, DC 20500

Dear Mr. President,

In response to the coronavirus (COVID-19) pandemic, you declared a National Emergency for the United States of America on March 13, 2020. Governor Charlie Baker declared a State of Emergency in Massachusetts on March 10, 2020. The Brewster, Massachusetts, Select Board and Board of Health jointly declared a state of emergency on March 18, 2020. These were vital actions but we believe they are no longer sufficient to protect the health and safety of our citizens. We urge you to immediately order all persons in the United States to shelter in place except under narrow exceptions.

New studies in several countries suggest that the virus can be spread by individuals showing no symptoms. The transmission of this disease can be slowed by extreme physical distancing, specifically by avoiding public spaces and limiting people's movement. It is incumbent on every person to do their part to minimize the impact of this virus. However, we are seeing evidence that not all members of the public are following public health guidance.

Your leadership will mean the difference between life and death for the citizens of our community, our Commonwealth, and our nation. Our goal must be to protect the health of the vulnerable, and to do everything in our power to restore the peace, wellbeing, and economic security of our society.

As elected officials, we have a duty to act to protect our citizens. We, the members of the Brewster Select Board and the Brewster Board of Health, urge you to act immediately to protect the public's health and control disease. It's the responsibility of every citizen to do their part to minimize the impact of this virus.

We have only one chance to get this right. Currently, data show that the United States coronavirus cases are tracking similarly to Italy's devastating situation rather than nations where public health action suppressed virus spread. We can change our trajectory but only if we act fast.

We are relying on you to exercise your authority to implement such action.

Very respectfully,

Brewster Select Board
